Try making one on thicker  
paper — it lasts longer!

### Assembly instructions:

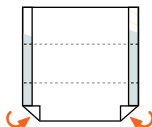

Remove or cut on solid  
lines with perforations.

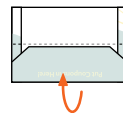

Fold side flaps in

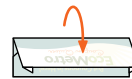

Fold triangles  
at bottom in

Fold up bottom

Fold down top

Fold bottom panel  
inside top panel

The only tricky step  
is to fold the end with  
the triangles inside the  
top panel's flaps.  
Tape the sides for  
greater strength!
